SUMMARY

Junior data analyst with hands-on Python, SQL, and Power BI work, backed by an IT support background and real familiarity with the systems that generate business data. Finishing an AAS in AI Data Specialist at WCTC. Open to part-time or internship roles, remote preferred, Milwaukee/Waukesha area considered.

TECHNICAL SKILLS

Data & Analysis: Python · pandas · numpy · Power BI · Data Visualization · Jupyter Notebooks · BeautifulSoup · Web Scraping · REST APIs · JSON · Excel · openpyxl · ETL · Data Cleaning · Matplotlib

SQL & Databases: T-SQL · SQL Server · SSMS · CTEs · Window Functions · Stored Procedures · Triggers · Database Design · ER Modeling · Partitioning · Filegroups · Indexing · Filtered Indexes · pymssql · History & Audit Tables · Joins · Subqueries

Systems & IT: Active Directory · Group Policy · PowerShell · Windows 10/11 · Office 365 · ServiceNow · iSupport · Web Help Desk · Remote Desktop · VPN · Git · GitHub

DATA PROJECTS

Olympic Medal Data Pipeline

2026

[WCTC Python Data Manipulation](#) · [Final Project](#)

- Built an end-to-end ETL pipeline scraping Tokyo 2020 and Beijing 2022 medal pages from Olympedia with requests and BeautifulSoup; hand-parsed the table after pandas.read_html failed on embedded flag images
- Enriched 1,343 records with continent data from a SQL Server World database via pymssql (left-joined for IOC vs ISO code mismatches) and exported a multi-tab Excel workbook with pivot summaries via openpyxl

Car Rental Database Design (SQL Server)

2026

[WCTC Advanced SQL](#) · [Unit 3 Project](#)

- Designed an 11-table relational schema from an ER diagram with surrogate keys, foreign keys, and check constraints; implemented year-based partitioning with a dedicated 2022 filegroup
- Built history tables and AFTER INSERT/UPDATE/DELETE triggers across six tables for full audit trails on rentals, reservations, payments, and vehicles

Power BI Sales Dashboard

2025

[WCTC Data Visualization & Reporting](#)

- Built an interactive three-page Power BI dashboard on a star schema with regional KPIs, DAX measures, slicer-driven filtering, and drill-through pages for self-service exploration

PROFESSIONAL EXPERIENCE

IT Help Desk Technician, Contract / Remote

Jan 2025 - May 2025

[Puget Sound Energy](#) · [Bellevue, WA \(Remote\)](#)

- Delivered remote Tier 1 and Tier 2 support across a 5,000-user pool for a Pacific Northwest utility
- Resolved 150+ ServiceNow tickets monthly via Cisco Jabber and Cisco Finesse, escalating complex cases to keep downtime low

Tools: Cisco Jabber, Cisco Finesse, ServiceNow, Windows 11, Office 365, Remote Desktop, Active Directory

Technical Support Administrator

Jan 2024 - Jul 2024

[Wolter Inc.](#) · [Pewaukee, WI](#)

- Ran internal IT for a forklift dealer, supporting 200+ users across onsite and remote environments
- Handled 40-60 requests weekly (Active Directory accounts, hardware failures, imaging, Microsoft 365) and automated routine admin tasks with PowerShell scripts

Tools: Windows 10/11, Office 365, Active Directory, Group Policy, ServiceNow, Remote Desktop, PowerShell

Service Desk Technician, Contract

Jul 2023 - Dec 2023

[CTAccess](#) · [Waukesha, WI](#)

- Handled 20-30 daily tickets across multiple client networks at an MSP service desk
- Resolved hardware, software, VPN, and user-account issues; worked in Active Directory daily

Tools: Windows OS, iSupport, Web Help Desk, Office 365, Remote Support Tools, VPN, Active Directory

Earlier IT roles: IT Help Desk Specialist II, City of Wauwatosa (Jan - Jun 2023) · Desktop Support Specialist Intern, Batteries Plus (Apr - Dec 2022)

EDUCATION & CERTIFICATIONS

Waukesha County Technical College Waukesha, WI · AAS, AI Data Specialist · In Progress (Expected 2027)

- Coursework: Advanced SQL, Python Data Manipulation, Data Visualization, Power BI

Milwaukee Area Technical College Milwaukee, WI · Associate Degree, IT Network Specialist · May 2023

Certifications: CompTIA A+ (2024) · CompTIA Network+ (2024) · Cisco CCNA (2022)
